

Book Creator project UKS2 Knowledge Organiser

Sequence of learning	
WALT To navigate Book Creator	Click on https://bookcreator.com/online/ and sign in with the code sent by your teacher.
WALT- use the drawing tool	We will combine the use of pens with movement to create interesting effects
WALT- to copy and paste images	We will use snipping tool and copy image. We will create our own folder and save images.
WALT – to add text	We will add text into speech bubbles
WALT- to record sound	We will record ourselves telling our story and insert the audio.
WALT- To edit and evaluate	We will use all of the skills we have learned in this topic to improve our work and then evaluate it.

Key Vocabulary
Copy, paste, insert, click, drag, draw, comic, speech/thought bubbles, snipping tool, save, edit, Book Creator, record, clip, mouse, image, brush, text, font

As Artists we are learning to...	As technologists we are learning to	As computer scientists we are learning to
Enhance digital media by editing (including sound, video, animation, still images and installations).	<ul style="list-style-type: none"> Write code to control and monitor models or products. 	Draw • Combine the use of pens with movement to create interesting effects. Upload sounds from a file and edit them.
Curriculum Drivers	Links to previous learning	Links to future learning
Aspiration- taking inspiration from your favourite author to retell their work. Community- sharing our finished stories with each other.	Using the internet to find images for PowerPoint presentations. Using the drawing tool on paint	All future computing learning, this project provides key skills that will enable us to develop our digital literacy.
