

# Oak Class Newsletter

The term has started on a real high. Children have come into school with happy faces, full of enthusiasm to learn and have adapted extremely well to the changes that we have made. After a period of uncertainty, it is good to be getting back to a somewhat normal life and routine. I am looking forward to the upcoming months and seeing all children continue to develop and enjoy school once again.

I have been working hard with Mrs Sutton and Mrs Flaherty to develop the outdoor area outside Oak Class. This environment will be used a lot to help enhance the experiences that the children receive.

Please keep checking the website as we will be sharing pictures taken regularly of the exciting learning opportunities that happen within the classroom.

We have lots of exciting things happening of the next term with lots of engaging and dynamic lessons planned.

Within our writing, we will be learning to label different images and learning how to write captions as well as writing formal letters to famous people.

In maths, we will be continuing to access a range of different skills and contexts - developing our place value and addition knowledge.

In Science, we will be looking at animals including habitats, discussing different places animals' life and how they have adapted to their environments. As the season starts to change, we will also be looking at how seasonal changes that occur. This will continue throughout the year.

In topic, we will be learning all about The Victorians and what life was like for them back then. Including discussing different famous Victorians and using pictures from the time to compare to modern day life.

## **Reminder:**

Please remember to read regularly with your child and help develop a love of reading. Also, water bottles are to be taken home at the end of each school day, washed and re-filled and brought into school each day. Please bring a pair of wellies into school in case the weather decides to worsen, these can be left on our wellie rack located outside of our classroom.

## **Dates for the diary:**

**Every Friday AM - PE**

**Every Friday - Celebration Assembly and Scouts**

**Friday 23rd October - Last day of half-term**

**Monday 2nd November - children return to school**

**Tuesday 3rd November - Mr Spillings' 21st (and a few) birthday**
